PROGRAMMABLE 24 KEY ControlPad™ MODEL: 683

Introduction

The ControlPad 683 is designed for PC/AT and other compatible computers that have an available PS/2 port. It features fast installation, convenience and timesaving advantages.

Features

- 24 keys with clear lenses
- Redefinition software included
- Pass-thru connector for a mouse or keyboard (a switch on the back of the case will let you select between a mouse pass-thru or keyboard pass-thru option)

System Requirements

The ControlPad 683 requires a computer with an available PS/2 port.
The Redefinition Program is Windows 95/98/NT/2000/ME compatible

Installation

Keyboard Pass-Thru mode:

This mode will work on any PS/2 keyboard port.

Select Switch to keyboard mode. Plug ControlPad into PS/2 port. ControlPad will function stand alone or with the external keyboard plugged into the ControlPad Y connector. Start computer.

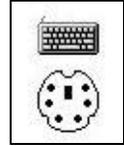

Mouse Pass-Thru Mode:

This mode will work on laptops with dual KB/mouse port.

Select Switch to Mouse Pass-Thru mode. Plug ControlPad into laptop with Dual-Port (KB/Mouse) compatible PS/2 port. Plug the mouse into the ControlPad Y connector. Start computer.

For Desktop users only:

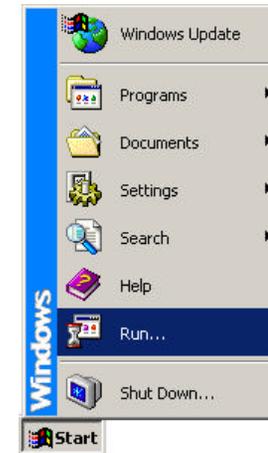

You must select the Switch on “Keyboard Mode”, and plug the keypad on the keyboard-PS/2 port of the desktop.

Installing the Redefinition Software:

Step 1: Insert the Disk into Drive A

Step 2: Click on Start, Run ...

Step 3: Type a:setup

After you have completed Step 3, the Installation Wizard will automatically begin. Simply follow the instructions on the screen.

”Redefinition Software Manual included with Install Disk.”

WARRANTY REPAIR SERVICE AND LICENSE

Genovation, Incorporated (“Genovation”) warrants this product to be in good working order and free from defects in materials and workmanship under normal use for a period of one year from the date of purchase. Any abuse including opening the case will void the warranty. Your sole remedy and Genovation’s entire liability for this product will be repair or replacement as provided for above, or at Genovation’s option, the refund of your purchase price. **A RETURN MATERIAL AUTHORIZATION (RMA) number is required before returning a product. Any shipment received without an RMA will be returned unopened. Please contact Customer Service for instructions and shipping cost before returning any product. Returns without an RMA will be returned unopened.**

FCC CERTIFICATION: The PS2 Micropad has been certified to comply with FCC and other test standards. See label on the product for confirmation.

FCC CERTIFICATION REQUIRED STATEMENT WARNING: This equipment has been certified to comply with the limits for a Class B Computing Device, pursuant to Subpart J of Part 15 of the FCC rules. Only peripherals (computer, computer input/output devices, terminals, printers, etc.) certified to comply with the Class B limits may be attached to this device. Operation with non-certified peripherals is likely to result in interference to radio and TV reception.

NOTE: This equipment generates and uses radio frequency energy and if not installed and used properly, that is, in strict accordance with the manufacturer’s instructions, may cause interference to radio and television reception. It has been type tested and found to comply with the limits for Class B computing devices in accordance with the specifications in Subpart J of part 15 of the FCC Rules, which are designed to provide reasonable protection against such interference in a particular installation. If this equipment does cause interference to radio or television reception, which can be determined by turning the equipment off or on, the user is encouraged to try to correct the interference by one or more of the following measures:

- * Reorient the receiving antennas
- * Relocate the computer with respect to the receiver
- * Move the computer away from the receiver
- * Plug the computer and receiver into different circuits

If necessary, the user should consult the dealer or an experienced radio/television technician for additional suggestions. The user may find the following booklet prepared by the Federal Communications Commission helpful: “How to Identify and Resolve Radio-TV Interference Problems”. This booklet is available from the U.S. Government Printing Office, Washington, DC 20402.
